

BUCKLAND NEWTON VILLAGE HALL ANNUAL CLEANUP

**WEEKEND 6/7TH AUGUST
Start time 9.30 am Saturday**

**ALL WILLING HANDS HUGELY APPRECIATED
Just come when you can!**

DESPERATELY NEED ANYONE WILLING TO WIELD A PAINTBRUSH

ALSO

A BIT OF HANDIMAN STUFF + GARDENING + WINDOW CLEANING

A cake or refreshments provider would be lovely to keep us all merry

This should be an annual affair to keep the hall in tip top condition, but it is now 3 years since we have done it thanks to that beastly virus which still keeps popping its head above the parapet. Hence all the walls in the main hall, kitchen and committee room could all do with a runover with the paintbrush and roller. The garden is in reasonable shape but there are a few jobs that need secateurs, loppers and shears. A power drill and screwdriver would be a great help with the handyman bits.

With enough willing hands we should get most of the work done on Saturday the 6th. But if you can only manage Sunday, your help will always be more than welcome.
